What is the Foundation's current project?

.....**The Gift of Health Community Initiative.** When you **choose to give to the Gift of Health Community Initiative**, your gift will be used to:

- Assist Major Health Partners' patients who are unable to pay their medical bills.
- Remove the additional burden of financial stress for these patients.
- Promote healing, compassion, and hope.
- Help protect Shelby County's excellent healthcare system—Major Health Partners—so that it will remain a viable source of quality healthcare for **everyone** in our community.

If you have questions about how the Gift of Health Community Initiative Funds will be administered, please contact Angela Gill in the Foundation office at 317-421-0361.

Each gift received through the Gift of Health Community Initiative contributes to the health of our community's not-for-profit hospital, Major Hospital. But, more importantly, each gift contributes to **the overall health and well-being of everyone in our community.**

Major Hospital Foundation's Gift of Health Community Initiative is like no other in our history. It is not a project about acquiring the latest in medical equipment or about building new medical facilities. This is a project about people, our very own families, friends, neighbors, and co-workers, who are experiencing an honest hardship as well as about protecting the quality of care we able to provide to everyone. Our community needs our help!

All employees, physicians, board members, and volunteers are encouraged to make a gift through Major Thanks-for-Giving, but we don't expect you to if you don't have information about what you're giving to. Over the next few weeks, different information will be posted here as well as on infosource and throughout all locations and departments.
